Have it your way with Hangar 9. The Pulse XT 40 lets you fly any way you want. This low-wing sport model includes an electric power with one of the best motors. With its bold electric power, classic ARF styling and convenient bolt-together assembly, the Pulse XT 40 is a versatile, easy-to-maintain, fun-to-fly sport aerobatic aircraft.

The price is \$250. Since this is a club model the full price will be donated to the club.
